Professional Experience

ProfitStars a division of Jack Henry & Associates

Web Solutions- Account Manager / Technical Support Representative (Nov 2008 – March 2012)
Work with financial institutions to develop their websites. Act as account manager to coordinate with online vendors, compliance services, and other members of our web development team to create an online presence for each client. Other duties include working with HTML, CSS, javascript, and graphics within a content management system. (Formerly Goldleaf Financial Services)

Aflac Independent Agent- Insurance Sales (July 2007 – Nov 2008)

Cold called businesses to set appointments, met business owners and HR staff, then discussed and enrolled interested employees in Aflac's insurance program. Gained thorough knowledge of insurance and sales as an independent contractor. Received Insurance Producer license in TN for Life and Accident/Health insurance in July 2007.

Dell Computers Dell Home Sales- Computer Sales (June 2004 – May 2007)

Worked in a call center environment as a part-time computer sales consultant. Helped customers configure computer systems to best meet their needs and stay within their budgets. I gained invaluable experience about computers, software and the latest computer technologies in a large corporate environment. (Placed at Dell as temp in June 2004, became Dell employee in March 2005, received "Team Player" award in 2007)

Freelance Web Designer (March 2002 – Nov 2008)

CountryWired.com Web Design - Graphic Design Dept. (August 2003 – June 2004)

Responsible for web design, graphic design and e-commerce for 20 high-profile country music stars. Duties include creation and maintenance of online stores, websites (using FrontPage), processing and posting concert and fan photos into slideshows, creation of monthly desktop calendars, and most aspects of graphic design for all sites. (<http://www.countrywired.com>)

cj Advertising Web Designer (June 2001 – March 2002)

Responsible for all new design, revision, and maintenance of websites for personal injury attorneys across the US. Performed research and fine-tuning for sites as necessary to ensure preservation of a high search engine rankings. (<http://www.cjadvertising.com>)

SyncLogic, LLC Multimedia Developer (Oct '99- May '01 // March '02 – Aug '03)

Web site design, HTML and graphics on Mac and PC platforms. Software training and technical support for real estate industry software used in several states. Responsible for production, maintenance and tech support of software. (<http://www.synclogic.com>)
